

Dear Parents and Carers,

Over the last term the team at Newton Road School have reviewed the homework we set for mathematics. As a result of this, your child will no longer receive weekly maths homework but will have termly fluency targets to learn instead.

The fluency targets will be sent out once a term and will also be available on our website.

Each year group will be set targets that will help them spot mathematical patterns, make mathematical connections and speed up their calculation skills.

There are lots of useful websites out there – look for those offering games and ideas. Here are just a few:

<https://www.bbc.com/bitesize/subjects/zjxhfg8> (KS1)

<https://www.bbc.com/bitesize/subjects/z826n39> (KS2)

<https://www.mathsisfun.com/>

<http://primaryhomeworkhelp.co.uk/maths/index.html>

Remember – maths should be fascinating and fun, if you're finding it difficult to enjoy maths learning with your child, please ask for help!

Best wishes,

Mrs Claire Radd
