

8th January 2019

Dear Parent/Carer,

The school has been sent the following by East Northants Council and we hope some of our pupils choose to enter.

The Out to Water, Into History Team are running a design competition. They are looking for a variety of pictures, poems, odes or short stories that will be used along the Greenway to celebrate Rushden's history and will be used in the tunnel, carved onto benches, added to interpretation panels or on a gateway as part of this project to enhance and improve this well used route.

A variety of designs and words will be selected at the end of February and then subject to the weather you will start seeing the chosen designs and words appearing along the Greenway during late April.

If you would like to enter please complete the attached entry form and either email your entry to lhawes@east-northamptonshire.gov.uk or return it to school. The closing date for the competition is Friday 15th February 2019.

It is open to our pupils, whatever your age. Your designs will leave a lasting impression for residents of Rushden and visitors to enjoy if they are chosen.

Good luck.

Miss Kerry Mills
Principal
